### ALTERNATIVE ENERGY

Products made using energy such as wind power.

### CARBON NEUTRAL PRODUCTS

Products made by companies that offset carbon emissions by funding credits toward renewable, emission-free energy products.

### REPLACEMENT MATERIALS

- Materials that are less harmful to the environment.
- Soy Based Ink
  - Environmentally Preferable Chemistry
  - Bamboo Fibers
  - Biodegradable Window Envelopes

### SFI CERTIFIED

The Sustainable Forestry Initiative® (SFI) program is based on the premise that responsible environmental behavior and sound business decisions can co-exist.

Under this program, participating companies plant or grow more trees than harvested each year. Over one million acres are reforested each year under the SFI program.

### FSC CERTIFIED

Forest Stewardship Council's mission is to promote responsible management of the world's forests. FSC The intent is to shift the market to eliminate habitat destruction, water pollution, displacement of indigenous peoples and violence against people and wildlife that may sometimes accompany logging.
